INFORMATION DISCLOSURE STATEMENT

Dear Sir:

- 1) Pursuant to 37 C.F.R. §§ 1.56, 1.97 and 1.98 applicant encloses a Form PTO-1449, an English Abstract of reference AE cited thereon, and a copy of the International Search Report issued on May 13, 2004 in the corresponding PCT International Application. Copies of references AA to AC and AE are not (and need not be) enclosed, because they have been transmitted to the USPTO by the International Searching Authority in the International processing of this PCT application.
- 2) This Information Disclosure Statement is being filed simultaneously with the above identified new patent application.

- 3) References AA to AD are in English. Reference AE is accompanied by an English Abstract, and corresponds to AD from which the relevance can be determined in English. Therefore no further discussion of the references is necessary.
- 4) Moreover, the enclosed Search Report indicates the degree of relevance of references AA to AC and AE by category ("X" means relevant to anticipation or obviousness when considered alone; and "A" means technological background). Thereby a concise explanation of the relevance has been provided (see MPEP §609).
- 5) The Examiner is requested to consider all references of record, return an initialed copy of the enclosed Form PTO-1449 and ensure that all references of record are printed on any patent issuing from this application.
- 6) Favorable consideration and allowance of claims 1, 2 and 19 to 35 are respectfully requested.

Respectfully submitted,  
Johannes Schweiger - Applicant
